Smart Cameras

Contents

Part I Introduction to Smart Cameras

- 1 Smart Cameras: A Historical Evolution** 3
Ahmed Nabil Belbachir and Peter Michael Göbel
- 2 Smart Cameras: Fundamentals and Classification** 19
Yu Shi and Fábio Dias Real
- 3 Smart Cameras: Technologies and Applications** 35
Fábio Dias Real and François Berry

Part II Imaging Technologies and Architecture of Smart Cameras

- 4 Detectors, Pixels, and Signal Processing** 53
Christoph Posch
- 5 Image Sensor Architectures** 81
Alireza Moini

Part III Embedded Vision

- 6 Embedded Vision Challenges** 99
Oliver Sidla, Norbert Brändle, Wanda Benesova, Marcin Rosner,
and Yuriy Lypetsky
- 7 High-Performance Smart Cameras** 119
Johannes Fürtler, Ernst Bodenstorfer, Michael Rubik, Konrad J. Mayer,
Jörg Brodersen, and Christian Eckel

- 8 Embedded Stereo Vision** 137
 Kristian Ambrosch, Martin Humenberger, Sven Olufs,
 and Stephan Schraml

Part IV Computer Vision for Smart Cameras

- 9 Self-Calibrating Cameras in Video Surveillance** 161
 Roman Pflugfelder and Branislav Mičušík
- 10 Change Detection for Object Segmentation** 181
 Andrea Cavallaro
- 11 Object Tracking on Embedded Hardware** 199
 Gustavo Fernández Domínguez, Csaba Beleznai, Martin Lizenberger,
 and Tobi Delbrück

Part V Distributed Smart Cameras

- 12 Designing a Wireless Smart Camera with a High-Performance Vision System** 227
 Richard Kleihorst
- 13 Automatic Geo-registration and Inter-sensor Calibration in Large Sensor Networks** 245
 Khurram Shafique, Feng Guo, Gaurav Aggarwal, Zeeshan Rasheed,
 Xiaochun Cao, and Niels Haering
- 14 Application Development and Management of Smart Camera Networks** 259
 Wolfgang Beer, Werner Kurschl, Florian Matusek, Bernhard Moser,
 Stefan Mitsch, and Stephan Sutor
- 15 Stereo Vision in a Network of Co-operative Cameras** 267
 Sanjeev Kumar, Christian Micheloni, and Gian Luca Foresti

Part VI Selected Applications of Smart Cameras

- 16 Smart Cameras for Machine Vision** 283
 Yu Shi

17 Smart Cameras for Visual Surveillance 305
Khurram Shafique and Omar Javed

18 Camera-Based Automotive Systems 319
Massimo Bertozzi, Luca Bombini, Alberto Broggi, Paolo Grisleri,
and Pier Paolo Porta

Part VII Smart Camera Markets

19 Market Demands and Analysis 341
Bernhard Kohn and Raffael Binder

Part VIII The Future of Smart Cameras

20 Future Directions of Smart Cameras 359
Ahmed Nabil Belbachir
