

Sustainable Development Goals

**Harnessing Business to Achieve the SDGs through Finance,
Technology, and Law Reform**

Edited by Julia Walker, Alma Pekmezovic, and Gordon Walker

WILEY

Contents

About the Editors *xvii*

Notes on Contributors *xix*

Foreword *xxix*

Foreword: Implementation of the SDGs *xxxi*

Preface *xxxv*

Introduction *1*

Part One: Overview and Context *9*

Part Two: Where Will the Money Come From? Financing the SDGs *10*

Part Three: Technology, Innovation, and Entrepreneurship *12*

Part Four: Facilitating the SDGs by Legal Infrastructure Reform *15*

Part I Overview and Context *17*

1 The UN and Goal Setting: From the MDGs to the SDGs *19*

Alma Pekmezovic

Introduction *19*

What Is Development? *20*

Is There a Right to Development? *22*

Measuring Economic Development *22*

Measuring Non-Economic Aspects of Development *23*

The Sustainable Development Goals (SDGs) *24*

Situating the SDGs in the International Legal Framework *28*

Theories of Development: Towards a New Theory of Sustainable Development *29*

Economic Theories of Development *30*

Cultural Theories of Development *30*

Geographic Theories of Development	31
Institutional Theories of Development	32
A New Theory of Sustainable Development	34
Measuring Progress Towards the SDGs	34
Conclusions	35

2 SDGs and the Role of International Financial Institutions 37

Suresh Nanwani

Introduction 37

Response and Implementation of the SDGs by IFIs 38

Project Processing and Actions Taken by IFIs to Implement the SDGs, and Responses from Other Development Actors 44

Conclusion and Recommendations for IFIs to Meet SDG Goals and Targets 48

3 Towards a New Global Narrative for the Sustainable Development Goals 53

Iason Gabriel and Varun Gauri

Introduction 53

How SMART Are the SDGs? 55

Goals That Stretch 59

Goals That Inspire 62

Sloganising the SDGs 64

Towards a New Global Narrative? 66

Conclusion 69

4 Overcoming Scarcity: The Paradox of Abundance: Harnessing Digitalisation in Financing Sustainable Development 71

Simon Zadek

Scarcity: The Paradox of Abundance 71

Financing: A Systemic Challenge 72

Action on System Design 74

Digital Financing of the SDGs 76

Dilemmas: Digitalisation and Dark Financing 80

Sizing the Prize 82

What Next? 84

Concluding Comments 85

Part II Where Will the Money Come From? Financing the SDGs 87

5 The New Framework for Financing the 2030 Agenda for Sustainable Development and the SDGs 89

Alma Pekmezovic

Introduction 89

Sources of Development Finance 90

Domestic Public and Private Sources	90
Domestic Resource Mobilisation (DRM)	90
International Public and Private Finance	93
The Role of International Official Development Assistance (ODA)	94
Private Philanthropy	95
Sovereign Wealth Funds, Pension Funds, Insurance Companies, and Investment Funds	96
Barriers to Greater Private Investment	97
The Role of Private and Blended Finance in Development	98
The Development Impact and Risks of Blended Finance	100
An Overview of Blended Finance Mechanisms	101
Innovative Financing Tools: Social Impact Bonds (SIBs) and Development Impact Bonds (DIBs)	102
Best Practices for Engaging the Private Sector	105
Conclusions	105
6 The Contribution of the International Private Sector to a More Sustainable Future	107
<i>Martin Blessing and Tom Naratil</i>	
Ready and Able to Invest	108
Commercial and Investment Benefits	109
What Is Needed to Mobilise Private Sector Money?	110
Partnerships for a More Sustainable Future	112
Partnerships to Rationalise Sustainable Investment Markets	112
Partnerships to Democratise Sustainable Investment Markets	116
7 Re-Orienting the Global Financial System Towards Sustainability	121
<i>Alma Pekmezovic</i>	
Introduction	121
Background	123
The Legal and Regulatory Framework	125
Company Reporting: Sustainability Disclosure Requirements	128
Institutional Investors: Responsible Investing and Investing for Impact	132
Fiduciary Duties of Institutional Investors and Other Financial Intermediaries	136
Fostering Long-Term Sustainability	140
Conclusion	142
8 How Asset Managers Can Better Align Public Markets Investing with the SDGs	143
<i>Emily Chew and Margaret Childe</i>	
Why the SDGs Could Transform Sustainability Investing	143

Implementing the SDGs as an Analytical Framework to	
Align Investing with the SDGs	145
Objectives of Manulife Investment Management's	
Approach to SDG-Aligned Investing	145
SDG Assessment Methodology Overview	147
Investable Themes	147
SDG Alignment Assessment	150
Exclusions	152
Applying the SDG Analytical Framework to the S&P 500 Index	152
The Current State of Corporate Goals with Respect to SDG	
Impact	153
The Current Opportunity Capture of SDG-Related Profit	
Opportunities	156
Areas in which Corporate Operational Conduct Is Most	
Strongly Aligned with SDG Impact	159
What SDG Developments Can We Expect in the Public	
Markets Investor Community in 2020 and Beyond?	161
SDG-aligned Investing Is Expected to Become Easier	162
Corporate Reporting on the SDGs Will Improve	163
Constructive Dialogue or Engagement with Companies	
Is Necessary to Achieve the SDGs	163
A Call to Action	164
Disclaimer	165

9 The Significance of Sustainable Development Goals for Government Credit Quality 167

Alastair Wilson

Environmental Preservation Influences Credit Quality,
Including Through the Impact of Climate Change on
Growth and Institutions' Resilience to It 168

Social Risks Such as Poverty and Inequality Feed into
Economic and Institutional Strength 170

Strong Institutions Are Closely Related to Ratings
and Ratings Factors 174

SDGs Influence Government Credit Quality
Through Different Channels, to Varying Degrees 176

Part III Technology, Innovation, and Entrepreneurship 177

10 FinTech for Financial Inclusion: Driving Sustainable Growth 179

Dirk A. Zetzsche, Ross P. Buckley, and Douglas W. Arner

Introduction 179

Financial Inclusion and Sustainability: Introducing the Long-Term
Perspective 180

Financial Inclusion: Why It Matters	180
Two Sides of the Same Coin	181
FinTech as a Tool for the SDGs	181
FT4FI Initiatives	183
Four Pillars of Digital Financial Transformation	184
Experiences and Lessons	184
Financial Inclusion Initiatives Since 2008: G20	184
Financial Inclusion Initiatives Since 2008: AFI	185
FinTech and Financial Inclusion:	
The Foundation of Digital Financial Transformation	185
Pillar I: Digital ID and eKYC: Establishing the Foundation	186
Example: The Indian Aadhaar System	186
IrisGuard	187
Regional Approaches: eIDAS in the EU	188
eKYC and KYC Utilities	188
Example 1: South Africa Web-Based KYC Database	188
Example 2: India's e-KYC System	188
Example 3: eIDAS and eKYC	189
Synthesising the Lessons	189
Pillar II: Open Electronic Payment Systems: Building Connectivity	189
Mobile Money	190
Designing Regulatory Infrastructure for an	
Open Electronic Payments System	191
Pillar III: Account Opening and Electronic Government	
Provision of Services: Expanding Usage	192
Electronic Payment: Government Salaries and Transfers	193
Electronic Payment and Provision: Other Core Services	194
Pillar IV: Design of Financial Market Infrastructure	
and Systems: Enabling New Wider Development	195
Transforming Credit Provision: From Collateral and	
Microfinance to Cash Flow	195
Adding Insurance and Investments to Savings and Credit	196
M-Akiba	197
Building Better Financial Infrastructure	198
The EU Example: GDPR, PSD2, MiFID2	198
Developing a Comprehensive Strategy	198
Strategic Approach	198
The Challenge of Technology	198
Regulatory Sandboxes, Piloting, and Test-and-Learn Approaches	199
Balancing Inclusion with Other Regulatory Objectives	201
Designing Regulatory Systems: The Example of Mexico	201
Towards Inclusive <i>and</i> Sustainable Growth	202

11 Financing and Self-Financing of SDGs through Financial Technology, Legal, and Fiscal Tools 205

Jon Truby

Introduction 205

Self-Sufficient Financing and Achievement of SDGs through Tax Reform 207

Shifting the Tax Burden to Create a Double Dividend 207

Base Erosion and Digital Services Taxation 208

Digitisation of Tax Administration 209

Amendment of the Chicago Convention 210

Self-Sufficient Financing of SDGs through Financial Technology 212

Digitisation of Money 212

Digital Identity 214

Financing SDG 7 and Related Goals through Financial Technology 215

Offsetting Investments in Energy-Intensive Digital Currencies 215

Digital Token Investments 216

Conclusion 217

12 SDG Challenges in G20 Countries 219

Guillaume Lafortune and Guido Schmidt-Traub

Introduction 219

The SDGs as Problem-Solving Tools for Transformative Actions and Policies 229

Long-Term Planning and Back-Casting 230

Data and Monitoring 231

Financing 232

Technology Missions 233

Conclusion 234

13 The Future-Fit Business Benchmark: Flourishing Business in a Truly Sustainable Future 235

Geoff Kendall and Martin Rich

Introduction 235

The Journey Ahead 236

The World We Want 236

The World We Have (and How We Got Here) 236

The World We Can Create 238

Why a Systems View Is Good for Business 240

A Star to Steer By 243

Current Assessment Methods Are Flawed 243

Starting with the End in Mind 244

How Much Is Enough? 244

A Holistic View of Future-Fitness 245

A Practical Tool	246
Future-Fit Break-Even Goals	246
Future-Fit Positive Pursuits	248
Engaging Stakeholders More Effectively	250
Conclusion	251

14 Financing for Youth Entrepreneurship in Sustainable Development	253
<i>Inna Amesheva, Alex Clark, and Julian Payne</i>	
The Role of Young Entrepreneurs in Sustainable Development	253
The Needs of Young Entrepreneurs Working on the SDGs	254
Barriers to Innovation and Scale	254
Supporting Young Entrepreneurs Working on the SDGs	257
The Financing Options Available to Young Entrepreneurs Working on the SDGs	258
Sources and Instruments of Finance for Young Entrepreneurs	259
Bridging the Gap Between Young Entrepreneurs and the SDGs	262
Sectoral Coverage	262
Geographical Coverage	264
Beyond Banks: Alternative Financial Structures for Youth-oriented Sustainable Development Initiatives	266
Prioritising Financial Interventions for Youth Entrepreneurs and the SDGs	267
Non-financial Services	268
Developing a Robust Investment Pipeline	270
Designing Youth-focused Funding Vehicles for the SDGs	271

15 Transparency in the Supply Chain	275
<i>Julia Walker</i>	
Introduction	275
Supplier prequalification tools	279
Emerging Technology in Supply Chains	281
The diamond industry	282
Summary	284

Part IV Facilitating the SDGs by Legal Infrastructure Reform 285

16 Facilitating Sustainable Development Goal 8 by Legal Reform	
Measures	287
<i>Gordon Walker</i>	
Introduction	287

Contextual Issues	288
Legal Traditions	288
Regulators and Policymakers	289
Implementation Problems	290
Capital Formation for Micro-, Small-, and Medium-Sized Enterprises	291
Meta-Strategy: The Promise of e-Government	291
The SDGs and Domestic Policy Formation	292
Facilitating SDG 8 by Law Reform	293
Hong Kong	293
Fundraising Law in Hong Kong: A Brief Overview	294
Safe Harbours in the 17th Schedule of CWUMPO	295
ECF and P2PL in Hong Kong	296
Supporting FinTech and MSME Fundraising Solutions in Papua New Guinea	297
Survey of Papua New Guinea Legislation	297
Offers Excluded from the Prospectus Requirements: CMA, Schedule 6	298
Issues Excluded from the Prospectus Requirements: CMA, Schedule 7	299
Securities Commission Power to Amend Schedules: CMA, Section 470	299
Legal Reform Opportunities for ECF and P2PL in PNG	299
Conclusion	300

17 Facilitating SDGs by Tax System Reform 303

Benjamin Walker

Introduction 303

Sustainable Development Goals 304

 Goal 3: Good Health and Well-Being 304

 Goal 8: Decent Work and Economic Growth 304

 Goal 10: Reduce Inequality within and among Countries 305

 Goal 12: Ensure Sustainable Consumption and Production Patterns 307

 Goal 16: Peace, Justice and Strong Institutions 308

 Goal 17: Strengthen the Means of Implementation and Revitalize Global Partnership for Sustainable Development 309

A Wider Picture of Development 310

 Taxes and Economic Development 310

 Tax Effort 311

 Taxes and Spending 312

Taxes and Technology 313

 Blockchain 313

 Artificial Intelligence 314

Tax Law Reform 314

Recent Developments	316
Conclusion	316

18 Facilitating the SDGs by Competition and Consumer Law and Policy Reform: Aspirations and Challenges in Papua New Guinea 317

Brent Fisse

Introduction 317

Proposed PNG Competition and Consumer Reforms and SDGs 318

Tailoring Law and Policy to the Particular Needs and Circumstances of PNG 320

Removing Statutory and Regulatory Barriers to Entry 322

Designing Competition Rules That Are Practical and Avoid Excessive Technicality 324

Harnessing Consumer Protection Laws to Protect and Promote Small Business 327

Using Enforcement Mechanisms That Have Some Chance of Working in PNG 329

Conclusion 331

Resolution Adopted by the General Assembly on 25 September 2015 333

Transforming Our World: The 2030 Agenda for Sustainable Development 333

Preamble 333

People 334

Declaration 335

Introduction 335

Our vision 336

Our shared principles and commitments 336

Our world today 337

The new Agenda 339

Means of implementation 344

Follow-up and review 346

A call for action to change our world 347

Sustainable Development Goals and targets 347

Goal 1. End poverty in all its forms everywhere 349

Goal 2. End hunger, achieve food security and improved nutrition and promote sustainable agriculture 350

Goal 3. Ensure healthy lives and promote well-being for all at all ages 351

Goal 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all 352

Goal 5. Achieve gender equality and empower all women and girls 353

Goal 6. Ensure availability and sustainable management of water and sanitation for all 354

Goal 7. Ensure access to affordable, reliable, sustainable and modern energy for all	354
Goal 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all	355
Goal 9. Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation	356
Goal 10. Reduce inequality within and among countries	357
Goal 11. Make cities and human settlements inclusive, safe, resilient and sustainable	357
Goal 12. Ensure sustainable consumption and production patterns	358
Goal 13. Take urgent action to combat climate change and its impacts	359
Goal 14. Conserve and sustainably use the oceans, seas and marine resources for sustainable development	360
Goal 15. Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss	361
Goal 16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels	362
Goal 17. Strengthen the means of implementation and revitalize the Global Partnership for Sustainable Development	363
Finance	363
Technology	363
Capacity-building	364
Trade	364
Systemic issues	364
Means of implementation and the Global Partnership	365
