# Wilhelm Conrad Röntgen

The Birth of Radiology

Springer

# Contents

<b>1</b>	<b>Born for Business, Raised for Science (1845–1865)</b>	<b>1</b>
	The Röntgen Family	1
	Birth and Early Childhood in Lennep (1845–1848)	2
	Youth in Apeldoorn (1848–1862)	3
	Living in Utrecht (1862–1865)	5
	Dr Jan Willem Gunning and Family	5
	The Technical School (1862–1864)	10
	The Utrecht University (1865)	10
<b>2</b>	<b>A Future in Physics (1865–1875)</b>	<b>13</b>
	Studies at the Polytechnikum in Zurich (1865–1868)	13
	A Year at the Zurich University (1868–1869)	17
	Personal Life in Zurich	18
	Assistant to Kundt	20
	Röntgen's First Publication in the <i>Annalen der Physik und Chemie</i> (1870)	23
	Work in Würzburg	23
	Marrying Bertha Ludwig	24
	Strasbourg: A New University	25
	Physics in Strasbourg	26
	Röntgen's Publications (1872–1874)	26
	The Habilitation (1874)	28
<b>3</b>	<b>Reliable Lecturer, Conscientious Investigator (1875–1895)</b>	<b>33</b>
	Hohenheim (1875–1876)	33
	Back in Strasbourg (1876–1879)	34
	Experiments with Kundt	35
	Röntgen's Individual Experiments	35
	The Nomination in Giessen	37
	The Giessen University	37
	Living and Working in Giessen (1879–1888)	38
	Röntgen's Assistants	40
	Röntgen's Experiments in Giessen	42
	Staying or Leaving	47

	The Würzburg University . . . . .	49
	Röntgen's Position in Würzburg . . . . .	50
	Teaching and Lecturing . . . . .	52
	Assistants . . . . .	53
	Physics in Würzburg (1889–1895) . . . . .	55
	Looking for a New Challenge . . . . .	59
<b>4</b>	<b>Enjoying the Company of Friends, Hiking, Hunting, and Playing . . .</b>	<b>63</b>
	There Is More in Life Than Physics . . . . .	63
	Summer in Pontresina . . . . .	65
	Spring Time in the Mediterranean . . . . .	72
	Winter in the Alps . . . . .	74
	Hunting . . . . .	77
<b>5</b>	<b>A New Kind of Rays . . . . .</b>	<b>79</b>
	Experiments in the Dark . . . . .	79
	The Path to the Discovery of the X-Rays . . . . .	80
	Cathode Rays . . . . .	80
	The Discovery . . . . .	86
	Spreading the News . . . . .	94
	The Demonstration for the Emperor . . . . .	96
	The Only Public Lecture . . . . .	97
	The Only Interview . . . . .	98
	Zehnder's Correspondence with Röntgen on X-Rays . . . . .	105
	Two More Papers . . . . .	106
	Some Remarks on the Discovery . . . . .	107
	Who Could Have Discovered the X-Rays Earlier? . . . . .	111
	Ludwig Zehnder . . . . .	111
	Ivan Pului . . . . .	112
	Arthur Goodspeed and William Jennings . . . . .	112
	Philipp Lenard . . . . .	113
<b>6</b>	<b>Living the Life of a Celebrity (1900–1914) . . . . .</b>	<b>115</b>
	Munich and Its University . . . . .	115
	Physics in Munich . . . . .	117
	Colleagues . . . . .	119
	Röntgen's 60th Birthday . . . . .	122
	Assistants in Munich . . . . .	123
	Franz Möller and Siegfried Valentiner . . . . .	123
	Peter Koch . . . . .	123
	Ernst Wagner . . . . .	124
	Other Assistants . . . . .	124
	Abram Joffe and His Work with Röntgen on Crystals . . . . .	125
	Students . . . . .	128
	His First PhD Students in Munich . . . . .	128
	Students from Abroad . . . . .	130
	A Student's Personal Reminiscences . . . . .	130
	PhD Students Working on X-Rays . . . . .	131

	The Nobel Prize .....	132
	Röntgen and the “Deutsches Museum” .....	134
	Representation. ....	138
<b>7</b>	<b>World War I Changes Everything (1914–1923)</b> .....	139
	The Outbreak of World War I .....	139
	The Manifest “An die Kulturwelt” .....	140
	Life Goes On. ....	141
	The End of World War I .....	144
	Bertha’s Death. ....	145
	The Lonely Last Years. ....	146
	The Last Swiss Holidays. ....	148
	Working Till the End. ....	149
	Röntgen’s Death .....	150
<b>8</b>	<b>X-Rays: Vista of Another World</b> .....	153
	On the Nature of the X-Rays .....	153
	Haga and Wind .....	154
	Walter and Pohl, Koch and Sommerfeld. ....	157
	Solving the Question. ....	157
	Enthusiasm in Medicine About the New Rays .....	160
	Dam’s Forward Views on the Possibilities of X-Rays .....	160
	First Experiences with X-Rays in Some Countries. ....	160
	The Netherlands .....	161
	Austria. ....	162
	The UK .....	162
	The USA .....	163
	Germany .....	163
	Aspects of Radiological Evolution .....	164
	Dangers of X-Rays and the Birth of Radiotherapy. ....	164
	Pioneers and Technical Developments .....	165
	Extension of Radiology Through New Techniques .....	167
	RIS, PACS, and AI: Again a Revolution? .....	168
	X-Rays Used for Non-medical Purposes .....	169
	Epilogue .....	171
	Annex 1. On a New Kind of Rays .....	173
	Annex 2. Dissertations and “Habilitation” Publication Supervised by Röntgen. . .	183
	Annex 3. Publications by Wilhelm Conrad Röntgen .....	187
	Annex 4. Scientific Forefathers of W.C. Röntgen .....	193
	Bibliography .....	197
	Index .....	199
