

Written by an expert team of contributors, *European Union Politics* fully equips you to understand the EU and the topical debates and issues that surround it.

Beyond its comprehensive coverage of the history, theory, institutions, and policies of the EU, it also features a whole section that explores contemporary issues and debates, including the eurozone crisis and public opinion.

Its easy-to-read style, broad scope, and range of helpful learning features make *European Union Politics* the ideal starting point for all those wishing to fully understand this ever-evolving subject.

## NEW TO THIS EDITION

- **A brand new concluding chapter features various scenarios that consider the future of Europe, written by a leading expert in the field.**
- **The chapter on policy making has been rewritten to include coverage of implementation, helping to explain the practical implications of EU policy.**
- **More empirical material and examples throughout help to illustrate difficult concepts and show the real-world relevance of the topics covered.**
