

*The FinTech Book* is the leading guide to the financial technology revolution—including the disruption, innovation and lucrative opportunities. Created by two prominent thought leaders in FinTech and the associated investment space, this groundbreaking guide showcases the leading industry influencers in FinTech in a single, informative volume.

Entrepreneurs and investors will find this an invaluable resource to uncovering new opportunities and maximizing their ROI in this growing market. This inspiring book covers every major industry development in depth, complete with firsthand insights and lessons learned by practitioners at the cutting edge. This first comprehensive volume on the global state of FinTech gives you a distinct competitive advantage by:

- Illustrating the ins and outs of the industry with the leading figures at the centre of the action
- Detailing the unique market dynamics of the FinTech revolution
- Illuminating the diverse potential of the sector and the various ways it can impact related industries
- Showing you firsthand how other investors and entrepreneurs have risen to the top of this dynamic environment
- Explaining key themes such as API economy, behavioural biometrics, blockchain, digital currencies, financial inclusion, fintech hubs, mobile payments, predictive algorithms, and robo-advisors.

Whether you are responding to disruption or wanting to profit from innovation *The FinTech Book* is for you.
