CONTENTS

List of Boxes	x
List of Figures and Tables	xiii
From the Publisher	xv
A Word from the Authors	xviii
Acronyms	xx
Contributors	xxiv

Each chapter includes, at the beginning, Learning Objectives, and, at the end, Summary, Questions for Critical Thought, Suggested Readings, and Bibliography.

PART I Theories and Approaches in International Development 1

1 Meaning, Measurement, and Morality in International Development 2

Jessica Schafer, Paul A. Haslam, and Pierre Beaudet

What Is the Developing World?	3
Labelling in International Development	5
Growth, Inequality, Poverty, and Development	8
Global Ethics and International Development	15
Ethical Behaviour and the Development Practitioner	19

2 Imperialism and the Colonial Experience 25

Eric Allina

European Expansion and Conquest	26
Rival Empires of Trade	29
"High" Imperialism in Africa	33
Common Themes in the Colonial Experience	37

3 Theories of Development 43

Radhika Desai

Development <i>Avant La Lettre</i>	45
The Moment of Development	47
Disputing Development	49
Conclusion: Whither Development?	60

4 Post-Development and Alternatives to Development 65

Aram Ziai

The Origins of Post-Development	66
Post-Development: Core Arguments	68
Alternatives to Development	74
Debating Post-Development	78
Conclusion: Two Positions	80

5

**Gender and Development: Theoretical Contributions,
International Commitments, and Global
Campaigns 84***Rebecca Tiessen, Jane Parpart, and Marianne H. Marchand*

Introduction	85
Theoretical Contributions and Feminist Insights	86
Masculinities, Gender-Based Violence, and (In)security	93
International Commitments and Global Campaigns	95
Taking Stock: Achievements, Possibilities, and Ongoing Gaps in Gender and Development	96

6

Globalization and Development 102*Pierre Beaudet*

Introduction	103
Globalization and Developing Countries	103
Another Globalization?	111
Movement from Below	114
Can the World Change?	117
Facing the Biggest Challenge	119
Looking Ahead	119

**PART II International Development
Actors 123**

7

**State of the State: Does the State Have a Role
in Development? 124***Anil Hira*

What Is the State? The Legacy of Colonialism	125
Defining the State's Role in Development	128
Central Debates about the Role of the State in Economic Development	129
Governance as a Process of Democratization	135

8

National Development Agencies and Bilateral Aid 141*Stephen Brown*

Clarifying the Terminology	142
Overview of Aid Donors	143
Donor Motives	146
Characteristics of Donors	149
Aid Recipients	152
Current Trends and Controversies	155

9

The International Financial Institutions 161*Marcus Taylor*

Introduction	162
The Origins of the IMF and World Bank	162
Governance Structures	164

The Turbulent 1970s	166
The Debt Crisis, Structural Adjustment, and Conditionality	167
Beyond Structural Adjustment?	168
The World Bank, Good Governance, and Institution-Building	170
The IMF and the Asian Crisis	171
Into the New Millennium: Poverty Reduction and Country Ownership	172
A New Crisis or a New Beginning?	175

10 The United Nations and Multilateral Actors in Development 180

David Sogge

The United Nations System	181
The Agencies	184
Trends and Prospects for UN Agencies	192
Multilateral Organizations Anchored in Western Governments	193
Multilateral Organizations Anchored in Non-Western Governments	195
One World, Many Regions	197

11 Private Enterprise and Development 200

Paul A. Haslam

Entrepreneurship and Small-Scale Enterprise	201
What Is a Multinational Corporation?	203
What Motivates Multinationals to Go Abroad?	204
Relationship between States and Multinationals	209
International Regulation of MNCs	212
Corporate Social Responsibility	213
Partnerships for Development	214
Conclusion	217

12 Civil Society and Development 221

Henry Veltmeyer

Civil Society: The Itinerary of a Concept	223
Civil Society in Context	224
The Economic and Political Dynamics of Development and Civil Society	226
The Emergence of a Global Civil Society: The Political Dynamics of Anti-Globalization	227
Civil Society and Local Development	229
NGOs: Catalysts for Development or Agents of Outside Interests?	232
Civil Society and Multinational Corporations	233
Development beyond Neoliberalism: Civil Society and the State	234
Globalization, the State, and Civil Society	237

13 China and the Emerging Economies 240

Jing Gu

Introduction	241
China's Approach to International Development	241
China in Africa	244
New Development Thinking and Institutions	247
The BRICS and Other Emerging Economies	250
Conclusion	257

PART III Issues in International Development 261

14 Debt and Development 262

Joseph Hanlon and Tim Jones

Lending to Developing Countries	263
Governments, Politics, the Cold War, and the Debt Crisis	265
The 1980s Debt Crisis and HIPC Initiative	266
The South and the Poor Pay to Solve the Northern Crisis	269
What Is the Responsibility of the Lender?	275

15 Free Trade, Fair Trade, and South–South Trade 282

Gavin Fridell

Introduction	283
Free Trade and Fair Trade since 1945	287
The Limits of a Trade Perspective: “It’s Not about Free Trade”	293
The Rise of South–South Trade	295
The Future of International Trade: “Dynamic” or “Defying” Comparative Advantage?	297

16 Democracy 302

Cédric Jourde

Clarifying the Concepts: A Difficult Task	303
“Waves” of Democratization	308
Explaining Democratization: Structures or Actors? The National or International Arena?	309
After Democratic Transition: Consolidation or a Return to Authoritarian Rule?	314
The Causal Weight of Democratization in Economic and Social Development	316

17 Climate Change, Environment, and Development 320

Chukwumerije Okereke and Abu-Bakar S. Massaquoi

Introduction	321
The Central Paradox and Contending Approaches	321
A History of Global Environmentalism and International Co-operation for Sustainable Development	324
Climate Change	327
Controversies and Crosscutting Themes	334

18 Rural Development 341

Joshua J. Ramisch

Introduction	342
Putting the “Rural” in Context	342
Rural Transformations	346
Models	351
Challenges	356

19 Urban Development: Cities in the Global South 362

Anne Latendresse, Lisa Bornstein, and Jane Reid

Introduction	363
Understanding Urbanization	364
Urbanization across Time and Space	364
Urban Crisis and the Challenge of Sustainable Urban Development	367
Cities, Globalization, and Socio-Spatial Fragmentation	368
The Expansion of Slums	371
Forces of Change: International Institutions, Local Governments, and Grassroots Initiatives	374
The Right to the City	375
Future Needs	376

20 Development and Health 382

Ted Schrecker

Introduction: Wealth, Health, and the Rest of the Story	383
"Great Divides" and Socio-Economic Gradients	384
Globalization and Health: Trade and Investment Agreements as a Case Study	387
The Changing Landscape of Global Health and Development Policy	390
Development and Health: The Uncertain Future	392

21 Conflict and Development 400

Torunn Wimpelmann and Astri Suhrke

Posing the Question	401
Definitions, Approaches, and Methods	402
Conflict and Development: Perspectives and Findings	403
Development as a Conflictual Process: No Development without Conflict?	409
Dealing with the Development–Conflict Nexus: Intervention and Peace-Building	412
Learning from History	416

22 Information Technologies and Development 419

Erwin A. Alampay

Technology and Society	420
The Information Society	423
ICTs and Society	426
The Digital Divide	429
Using ICTs for Development	432

23 Culture and Development 441

Nissim Mannathukkaren

Introduction	442
What Is Culture?	443
The Cultural versus the Material	444
Culture as Domination and Culture as Resistance	448
The Cultural Turn	451

PART IV Practice in International Development 461

24 Understanding Global Poverty Reduction: Ideas, Actors, and Institutions 462

David Hulme and Sophie King

Poverty in Social and Development Theory	463
Development as Poverty Reduction: A Brief History	466
Reducing Poverty: Ideas, Actors, and Institutions	468
Material Capabilities and National Interests	472
What Has Been Achieved?	474
Conclusions	477

25 Measuring and Evaluating Poverty 481

Keetie Roelen

Introduction	482
Evolution of Thinking on Poverty	482
Monetary Poverty	484
Multi-Dimensional Poverty	489
Different Measures, Different Outcomes	493
Poverty Measurement and Policy	495

26 Inequality and Social Policy 501

Arjan de Haan

Introduction	502
What Is Inequality?	502
Approaches to Social Policy	513
Conclusion: Measuring Social Policy Success	517

27 Planning and Appraising Development Projects 520

David Potts

What Is a Project?	521
The Project Process	523
Planning Projects and the Logical Framework	526
Project Appraisal	527
Financial Analysis	531
Economic Analysis	534
Cost-Effectiveness Analysis and the Social Sectors	536
Sensitivity and Risk Analysis	536

28 Humanitarian Assistance and Intervention 539

Laura Hammond

Introduction	540
A History of Humanitarian Action	540
Dunantist and Wilsonian Humanitarian Organizations	544
Contemporary Challenges to Humanitarianism	544
Whose Responsibility to Respond?	547

The Challenges of Long-Term Recovery	549
Humanitarian Accountability	550
Political Economy of Humanitarian Assistance	552
Research and the Humanitarian Future	552

29 Ethics of Development 555

Des Gasper

Introduction	556
Historical Context	557
Justice and Harm; Rights and Responsibilities	559
Reflection on Meanings of Well-Being and Ill-Being	563
Activities and Tools in Development Ethics	566
Conclusion	572

Glossary	576
Index	588

LIST OF BOXES

IMPORTANT CONCEPTS

- | | |
|--|---|
| 1.1 President Truman's Point 4 4 | 18.3 Land Tenure and Inequality 348 |
| 1.3 How to Judge Right and Wrong:
Three Philosophical Approaches to
Morality 17 | 19.3 What Is a Slum? 373 |
| 1.4 The Drowning Child Analogy 18 | 19.4 Urban Agriculture: A Survival Strategy
for Poor Urban Dwellers? 374 |
| 1.5 Ethics of Participatory Rural
Assessment 21 | 19.6 Participatory Budgets and Local
Democracy 376 |
| 2.1 An "Oriental Despot": British Company
Rule in South Asia 32 | 19.7 Gender and Housing Rights 377 |
| 4.1 Stuart Hall on Discourse 67 | 22.1 Appropriate Housing Technology:
Earthbags 421 |
| 4.2 A Critique of GDP 71 | 22.7 Freedom of Information, Open Data, and
Open Government 434 |
| 4.4 <i>Buen Vivir</i> 76 | 22.8 Implementing Universality: Regulatory
Measures to Fund It 435 |
| 6.1 The Washington Consensus 104 | 23.2 Are Hunter-Gatherers Poor? 445 |
| 7.1 The Nature of Authority in the State 126 | 23.3 The Protestant Ethic 447 |
| 7.2 The Debate between Keynesians and
Free Marketers 130 | 23.5 The "American Dream" 449 |
| 8.1 The Many Uses of Foreign Aid 143 | 23.8 Che as a Capitalist Icon 453 |
| 8.3 The 0.7 Per Cent Aid Target 147 | 23.9 Universal Values 456 |
| 8.6 What Makes a Good Development
Agency? Lessons from the United
Kingdom 153 | 24.1 What Is Poverty? 464 |
| 8.7 Results-Based Management 155 | 24.3 Sen's Framework for Conceptualizing
Human Development 469 |
| 9.1 The US Aims for Bretton Woods 163 | 24.4 The United Nations Open Working
Group Recommendations for the
Sustainable Development Goals
(SDGs) 474 |
| 9.2 IMF: Initial Function 164 | 25.1 Setting the Food Poverty Line and
Poverty Line in Myanmar 486 |
| 9.3 World Bank: Initial Function 164 | 25.2 The "Big Mac Index" 487 |
| 9.4 IMF Quotas and World Bank
Subscriptions 165 | 25.3 Relative Poverty in Middle-Income
Countries 487 |
| 9.5 Robert McNamara's Call for a "Basic
Needs" Approach 167 | 25.4 Foster-Greer-Thorbecke (FGT) Class of
Poverty Measures 489 |
| 11.1.1 Micro-Finance: Building
Entrepreneurship? 202 | 25.5 Sen's Capability Approach 490 |
| 11.1.2 Global Value Chains and the New
International Division of Labour 208 | 25.7 Gross National Happiness (GNH) Index
in Bhutan 497 |
| 13.3 One Belt, One Road Priorities 248 | 26.1 How Is Income Measured? 503 |
| 13.4 What Are the BRICS? 251 | 26.3 Social Policy Regimes 512 |
| 13.5 BRICS New Development Bank
(NDB) 255 | 27.1 Discount Factors 528 |
| 16.2 India and Substantive Democracy 307 | 27.2 The Net Present Value (NPV) 530 |
| 17.1 Defining "Collective Action Problem" and
"Tragedy of the Commons" 322 | 27.3 The Internal Rate of Return (IRR) 530 |
