<i>List of Figures</i>	vii
<i>List of Tables</i>	ix
<i>Notes on Contributors</i>	xi
<i>Preface</i>	xv
<i>List of Abbreviations</i>	xvii

1	Introduction	1
	<i>Isaac Luginaah, Rachel Bezner Kerr and Jenna Dixon</i>	

## **PART I        DISPARITIES IN HEALTH OUTCOMES AND THE CHALLENGES TO HEALTH EQUITY**

2	Malaria Risk Profiles, Treatment Seeking Practices and Disease Intervention Efforts in Poor Communities: A Case Study in Sierra Leone	11
	<i>Florence M. Margai and Jacob B. Minah</i>	
3	The Geography of Maternal Mortality in Nigeria	29
	<i>Joseph R. Oppong and Jane Ebeniro</i>	
4	Sex [Work] and [Structural] Violence: A Study of Commercial Sex Workers in Budhwar Peth, Pune, India	45
	<i>Jacqueline P. Hellen and Vandana Wadhwa</i>	
5	Aboriginal Health and Development: Two Steps Forward and One Step Back?	61
	<i>Kathi Wilson, Mark. W. Rosenberg and Ashley Ning</i>	

## **PART II        HEALTH ACCESS AND UTILISATION IN DEVELOPING COUNTRIES**

6	The Place of 'Health' in Social Health Insurance in Developing Countries: A Study in Ghana's Upper West Region	75
	<i>Jenna Dixon and Paul Mkandawire</i>	
7	From Effective Cure to Affective Care: Access Barriers and Entitlements to Health Care Among Urban Poor in Chennai, India	93
	<i>Christina Ergler, Patrick Sakdapolrak, Hans-George Bohle and Robin Kearns</i>	

8	Human Resources for Health: Challenges Facing Sub-Saharan Africa <i>Gavin George, Candice Reardon and Tim Quinlan</i>	115
9	Wanting to Care: A Comparison of the Ethics of Health Worker Education in Cuba and the Philippines <i>Robert Huish</i>	133
<b>PART III ENVIRONMENTAL INFLUENCES ON HEALTH AND DEVELOPMENT</b>		
10	Living in the Same Place, Eating in a Different Space: Food Security and Dietary Diversity of Youth Living in Rural Northern Malawi <i>Lauren Classen, Rachel Bezner Kerr and Lizzie Shumba</i>	151
11	Resource Depletion, Peak Oil, and Public Health: Planning for a Slow Growth Future <i>Michael Pennock, Blake Poland and Trevor Hancock</i>	177
12	The Water-Health Nexus <i>Corinne J. Schuster-Wallace, Susan J. Elliott and Elijah Bisung</i>	197
13	Groundwater Arsenic Contamination and its Health and Social Impacts in Rural Bangladesh <i>Bimal Kanti Paul</i>	209
<b>PART IV GLOBALISATION AND URBANISATION: GLOBAL POLICY CONSEQUENCES ON LOCAL HEALTH PROBLEMS</b>		
14	Tuberculosis: A Scourge for Development? <i>Jana Fried and John Eyles</i>	227
15	Globalisation and the Misplacement of Health: An Emerging Agenda <i>Sarah Lovell and Mark M. Rosenberg</i>	245
16	Global Reach, Local Depth, and New Cartographies of Metropolitan Health <i>Ted Schrecker</i>	261
17	Medical Migration From Zimbabwe: Towards New Solutions? <i>Abel Chikanda and Belinda Dodson</i>	281
18	Conclusion: Healthy Development/Developing Health <i>Robin Kearns and Pat Neuwelt</i>	297
	<i>Index</i>	303

# List of Figures

1.1	Geographies of health and development	4
2.1	Principal pathways for estimating the costs of malaria morbidity	13
2.2	Malaria prevention and treatment approaches: challenges and limitations	15
2.3	Spatial coverage of bednets in districts across Sierra Leone	20
3.1	Map showing maternal mortality rates (MMR) by state	33
3.2	Map showing women who gave birth in a healthcare facility	36
3.3	Map showing women with no access to postnatal care	36
3.4	Map showing women with less than secondary education	38
3.5	Map showing women living below \$1.25 a day	38
3.6	Map showing women less than 20 years at first marriage	39
3.7	Map showing women 15–19 years at first childbirth	39
3.8	Map showing female Muslim distribution	40
6.1	Ghana's Upper West Region	81
7.1	Conceptual framework adapted from Leach et al. (1999, p. 234)	96
7.2	Geographies of health care – Anju Kudesai	101
10.1	Hunger is suffering	161
10.2	Caring for grandparents is suffering	165
10.3	Alcoholism, abuse and hunger	170
11.1	Crude Oil Prices 1861–2011 (2011 US Dollars)	183
14.2	Estimated TB incidence rates, 2011 (WHO 2012)	230
14.2	Estimated HIV prevalence in new TB cases, 2011 (WHO 2012)	233
17.1	Number of Doctors in Zimbabwe, 1991–2004	284

# List of Tables

2.1	Comparison of AntiMalarials (therapies and prophylaxes) by costs, efficacy and potential side effects	19
2.2	Distribution of eligible participants across treatment groups in Phases I, II, III and IV	22
2.3	Mean parasitic densities among valid subjects participating in all phases	23
3.1	Maternal mortality rates by state	34
3.2	Total variance explained	35
3.3	Component matrix	35
8.1	Shortage of HRH by region	117
8.2	Cross-country comparison of physician and nurse rations per 100,000 population	119
10.1	Key factors influencing experiences of food insecurity by rural youth	158
10.2	Dietary diversity and marriage	160
11.1	Forecasted dates for world peak petroleum production	181
13.1	Long-term health effects of exposure to arsenic	210
13.2	Stages of chronic arsenic poisoning	214
13.3	Types of physician consulted (N=230)1	217
13.4	The cost of different alternative drinking water sources	221
17.1	Location of Zimbabwean medical doctors worldwide, 2000	283
