# TABLE OF CONTENTS

<i>About the Authors</i>	xi
<i>Introduction</i>	xii
<i>Why Another Book on Conducting the Literature Review?</i>	xii
<i>Who Might Use This Book?</i>	xiii
<i>How is This Book Unique?</i>	xiii
<i>How is This Book Organized?</i>	xiv
 <b>PART ONE   OVERVIEW</b>	 <b>1</b>
1 Foundations of the Literature Review	2
The Quest for Knowledge	3
Characteristics of the Three Research Traditions	4
The Literature Review: Process and Product	8
Myths Associated with the Literature Review	9
Reasons for Conducting the Literature Review	14
Goals of the Literature Review	16
The Comprehensive Literature Review (CLR) Defined in Detail	18
Where to Find a Literature Review	19
The CORE Product	20
2 The Literature Review	22
Historical Origins of the Literature Review	23
The Current State of the Literature Review	23
The Narrative Literature Review	23
The Systematic Literature Review	25
The Combined (Integrated) Review	28
Comparing Characteristics of Reviews	29
Role of Culture on the Literature Review	35
Using a Culturally Progressive Approach	36
Using an Ethical Approach	37
Using a Multimodal Approach	38
The Five MODES	39
Attitudes of the Literature Reviewer	43
Contextual Considerations	46
3 Methodology of the Literature Review	48
The CLR: A Data Collection Tool	49
The CLR as a Method	49

Considerations of Mixed Research Techniques	49
Using Multiple Sections of a Report	50
A Pathway to Knowledge: Methodology	51
The CLR as a Methodology	53
The CLR Meta-Framework	54
Introducing the Seven-Step Model	54
Using the Seven-Step Model to Inform Primary Research	57
The Seven-Step Model as a Cyclical Process	62

## **PART TWO    EXPLORATION** **65**

<b>4    Step 1: Exploring Beliefs and Topics</b>	<b>67</b>
Beliefs: What We Know and How We Know	68
Your Worldview	69
Research Philosophical Stance: The Way We Explore	71
Selecting a Topic	73
Organizing the Process	79
<b>5    Step 2: Initiating the Search</b>	<b>85</b>
The Audit Trail	86
Guiding Criteria for the Initial Search	88
Five Tasks of the Search	88
Task 1: Identifying Databases	88
Task 2: Performing a Search	91
Task 3: Exploring Information	100
Task 4: Identifying Key Terms	101
Task 5: Focusing the Search	103
<b>6    Step 3: Storing and Organizing Information</b>	<b>113</b>
Importance of Storage	114
Basic Strategies for Storing and Organizing	114
Intermediate Strategies for Storing and Organizing	120
Advanced Strategies for Storing/Organizing Information	136
Selecting Strategies	148
<b>7    Step 4: Selecting/Deselecting Information</b>	<b>155</b>
Meta-Reflection	156
Distinguishing Levels of Information	157
The Claim Credibility Meta-Framework	165
Evaluating Information, Guiding Questions, and Examples	170
Create Focus Questions for the Selection Process	174
Create Field Notes	174

8	Step 5: Expanding the Search—Media, Observation(s), Documents, Expert(s), and Secondary Data	177
	Extending Understanding	178
	The Audit Trail	178
	Task M: Media	178
	Task O: Observations	187
	Task D: Documents	190
	Task E: Experts	201
	Task S: Secondary Data	211
	Preferred Reporting for Systematic Reviews	215
	Combining Two or More MODES	218
<b>PART THREE</b>	<b>INTEGRATION</b>	<b>221</b>
9	Step 6: Analyzing and Synthesizing Information	223
	Differences between Analyzing and Synthesizing Information	224
	The Nature of Information Sources	224
	Creating Analysis Questions	225
	The Nature of Data Analysis: Three Broad Layers	225
	Handling Decisions and Emergent Issues	227
	Qualitative Data Analysis of Information	229
	Quantitative Data Analysis of Information	250
	Mixed Analysis of Information	254
	Selecting the Analysis	265
<b>PART FOUR</b>	<b>COMMUNICATION</b>	<b>269</b>
10	Step 7: Presenting the CLR Report—Planning Phase	271
	Selecting the Communication Pathway(s)	272
	Using AVOW	272
	Pathway A: Act	272
	Pathway V: Visualize	275
	Pathway O: Orally Present	276
	Pathway W: Write	279
	The Pre-Draft-Writing Stage Decisions	280
	Creating an Outline	284
	The Art of Argument	294
11	Step 7: Presenting the CLR Written Report	299
	Writing a Draft	300
	Common Mistakes in Report Writing	300
	Decisions for the Draft-Writing Phase	301
	Recommendations to Consider for Writing	302

Staying Organized	317
Find a Writing Flow	318
The Draft-Audit Phase	319
Audit Checklist and Recommendations	320
Continuing the CLR Process	350
<i>Postscript: Theory-Driven and Model-Driven Literature Reviews</i>	359
<i>Theory-/Model-Driven CLRs: Exemplar 1</i>	359
<i>Theory-/Model-Driven CLRs: Exemplar 2</i>	364
<i>Theory-/Model-Driven CLRs: Exemplar 3</i>	366
<i>Theory-/Model-Driven CLRs: Exemplar 4</i>	367
<i>Theory-/Model-Driven CLRs: Exemplar 5</i>	367
<i>Conclusions</i>	369
<i>Final Thoughts</i>	370
<i>Appendices</i>	371
<i>Appendix A: Supplemental Tables of Quantitative, Qualitative, and Mixed Research Designs</i>	371
<i>Appendix B: Quantitative, Qualitative, and Mixed Legitimation Frameworks</i>	383
<i>References</i>	396
<i>Name Index</i>	413
<i>Subject Index</i>	416
